

You can request your Covid-19 vaccination pass in three ways:

1. Via the NHS app, where you can access your digital QR code. It is quick and easy to set up an account.

The NHS App is available now on iOS and Android. To use it you must be aged 13 and over and registered with a GP surgery in England.

You can also access [NHS App services from the browser](#) on your desktop or laptop computer.

2. Via the NHS online service, where you can request a confirmation vaccination letter, or
3. request the digital QR code:-

<https://www.nhs.uk/conditions/coronavirus-covid-19/covid-pass/get-your-covid-pass-letter/>

- In all cases you will need your NHS number and to be registered with a GP surgery. *Please note - if you prefer to request a letter by post please be mindful that this may take longer, and you will need to wait 5 working days after having your second dose before requesting.*

To send your QR code to yourself/your employer, please select '**Receive an offline copy by email**' and enter the email address
