Next Steps for Health and Care in North East London

Dear colleagues

The GP members of all seven North East London CCGs have passed the vote on our proposals to form a new North East London CCG with strengthened local borough partnerships.

We want to thank all of you at what has been an unprecedented time of pressure for the NHS and care services. Despite the intense challenges we've faced, we have come together under our joint declarations of principles. These principles put health in its widest sense and dealing with health inequalities at the heart of patient care.

Thank you to our CCG staff who have helped us achieve so much over the last seven years and who are fundamental to making our new arrangements a success. To our GP members who have put their trust in us to stay true to the principles we designed together and to deliver what we said we would, we thank you. Thank you also to our provider colleagues, local authorities and Healthwatch for your collaborative approach and constructive input. We also recognise and appreciate our LMC colleagues for their input on behalf of their members.

We are excited about the journey ahead, and look forward to working with you all as we design the next stages. We will share further information and look forward to our continued dialogue as we work together to do the very best for our north east London populations.

Yours sincerely,

Jane Milligan
Accountable Officer
Senior Responsible Officer
North East London Sustainability
and Transformation Partnership

Dr Atul Aggarwal
Chair, Havering CCG
